AGB OnBoard MEETING MANAGEMENT

A Meeting Platform Developed Specifically for Higher Education

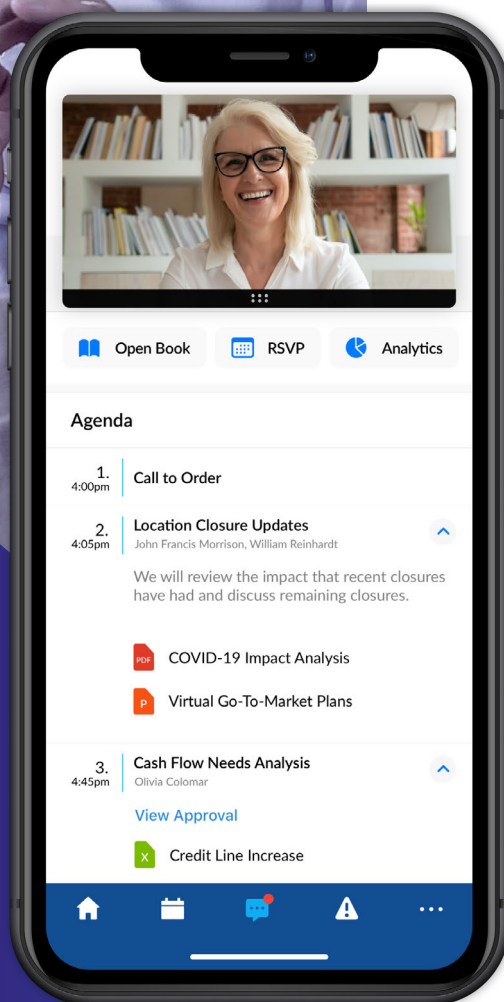

AGB OnBoard gives you the digital power you need to prepare, organize, and run your board and committee meetings - all in real time - with better efficiency and collaboration. It's the leader in higher education board management because it's so intuitive that anyone can pick it up, and it just works.

AGB OnBoard delivers proven value: 99% of boards who purchase it renew each year. This combination of technology, expertise, enable boards and committees to make intelligent and informed decisions to achieve goals.

With a combined 115 years' experience in Higher Education governance and board performance, AGB OnBoard makes preparing for and conducting meetings more efficient, secure, and collaborative.

The People Have Spoken

AGB OnBoard has been awarded the GOLD Stevie for **"The Best Education cloud-based solution"**. The American Business Awards judge said the following: "I believe that for far too long, boards were limited to the work that they did in the board room on one to two days per month or whatever their frequency is. So, anything that takes that work online and gives the board members more freedom in what they do is a great thing. Especially in the wake of COVID-19, it is very important."

Key Features

AGB OnBoard provides your team with a complete suite of tools to make smarter decisions, remotely, in real-time. It enables directors and leaders to think critically and communicate seamlessly – no matter where they are. So when the meeting starts, directors are empowered to focus on strategy and outcomes.

Proprietary AGB Content

AGB OnBoard comes fully loaded with AGB's Effective Committee Toolkit, nine books that provide best practices for boards and committees. It includes the complete set of eight AGB Board of Directors Statements on critical topics, ranging from shared governance and accountability, to innovation, fiduciary duties, and conflicts of interest.

Voting & Approvals

A seamless platform that supports directors who need to make high impact decisions from any device. Equipping directors and leadership to organize, track, review, comment, and approve decisions – from anywhere.

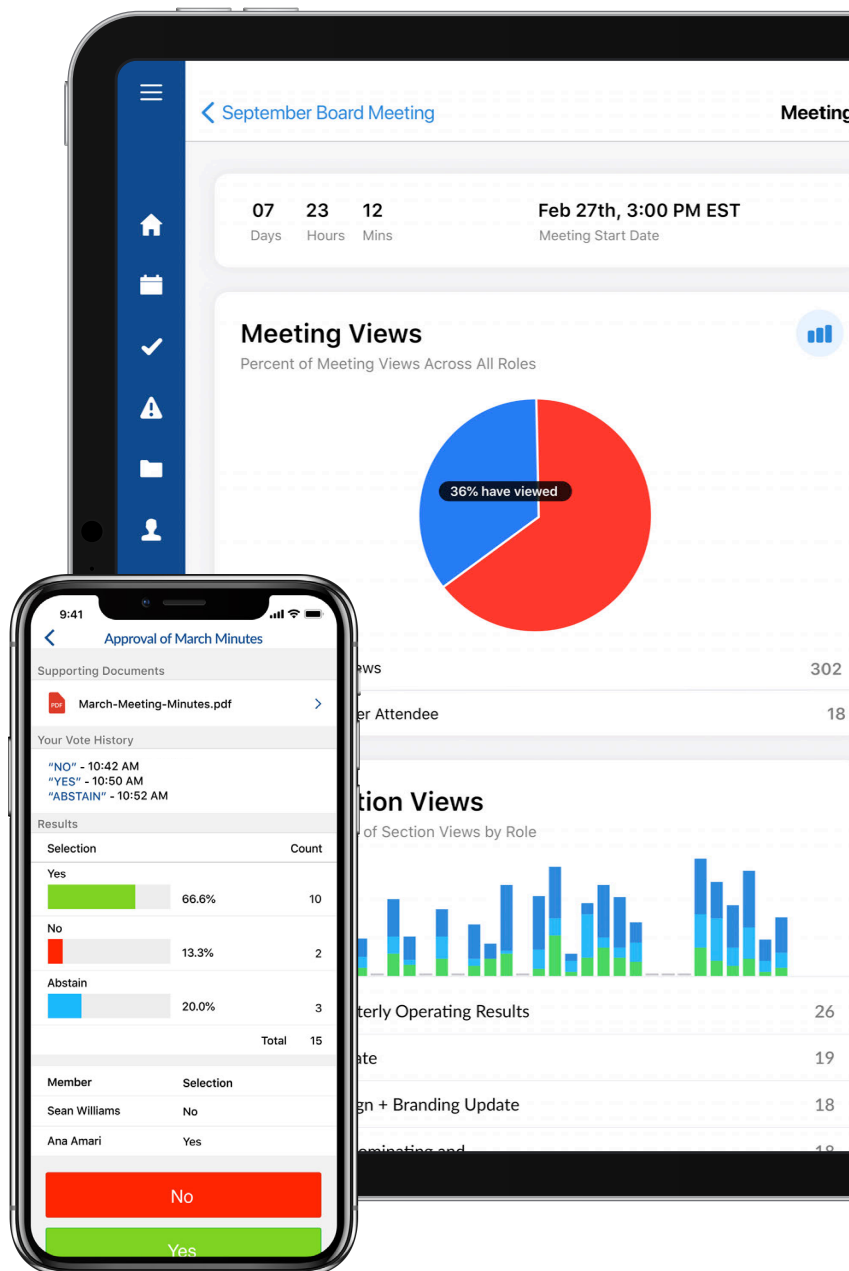

Engagement Analytics

Real-time insights into how your board works. Know when board books are read, where annotations are made, and what agenda sections are receiving the most attention from the board.

Minutes Builder

The minutes builder unifies your workflow, enabling you to make minutes directly within AGB OnBoard. Effortlessly make notes, create tasks, track attendance, and mark motions as the meeting progresses. The builder makes it easy to focus on the meeting itself.

Task Management

Manage, organize, and track your most important action-items – everything happening throughout your meeting cycle. It helps teams stay in sync, hit deadlines, and reach their goals.

Zoom Integration

With our Zoom integration, directors and CEOs can connect, face-to-face while using AGB OnBoard – right on the same screen as their meetings and notes. Active remote participation is now a seamless and familiar experience for the entire board.

Agenda Builder

AGB OnBoard's agenda builder is the fastest meeting creation tool ever made, period. But speed is only part of the equation. The agenda and meeting builder is a drag and drop, co-authoring, every file-type enabled, template powered, cloning capable, document organizing, decision tracking, powerhouse.
